Study. Learn. Live!

Learn.

Highly trained educators provide personal attention to each of our students in a learning environment where teacher/student ratio never exceeds 1 to 14.

You'll have an opportunity to apply what you learn in class and also to expand upon it with our homestay program. We believe that real learning comes from cultural immersion. The SACLI Homestay program makes this possible by always placing language in the context of our culture. We highly recommend students join our homestay program.

Homestay Experience

"Our experience as a homestay family has always been a positive one. We enjoy the students visiting our home as much as they enjoy the stay here on PEI. Our family finds it very interesting learning about our students' country, culture and customs. We have had students from the age of 8 years old to the age of 45 years old."

Warren and Carol Banks, SACLI Homestay Family

"We are very proud to share a little bit of Prince Edward Island with the rest of the world... one student at a time!"

Alane Kirkham, SACLI Homestay Family

Live!

For us language has always involved much more than "a way with words"
It's a way of LIFE!

"We entrust SACLI to prepare our students for a university environment via their academic preparation language program. We are pleased with the services they continue to provide, and have no hesitation in recommending SACLI programs to prospective students."
H. Wade MacLauchlan, CM, Past President and Vice-Chancellor, University of Prince Edward

"I love the school because I have many nice teachers and classmates. I make many friends in SACLI. When I have some questions our teachers always help me."

Xinyue Meng. Feng Tai, Beijing, China

"I like Charlottetown and its people. It is a beautiful city with nice weather, especially in the summer. The people here are very helpful and always smile. They make me feel like I am at home, not abroad"
Ahmad Mahdi H Aisadah. Saudi Araia

"Study Abroad Canada Language Institute is a good place to learn English. I had moments here that I'll never forget. I have met people from different countries. I learned English and about other cultures."

Jaqueline Zarpelon. Brazil

"I'm so happy to be able to be in this class. I thought it was too hard for me first, but actually everything [my teacher] has done for me has been helping me to do anything, anytime, not just only study but also my life in PEI."

Mariko Osa. Hyogo-Ken, Japan

STUDY ABROAD CANADA

LANGUAGE INSTITUTE

SACLI has been offering quality English Educational programs since 1994. We have helped students from around the world achieve their goals and realize their dreams.

Our fundamental belief is that language skills should be taught, practiced and lived. As a member of Languages Canada, all of our instructors are TESL Canada certified, and many have advanced degrees. Our instructors will provide you with in-depth training both in and out of the classroom.

In-class work will focus on grammar, writing and current events and on special occasions, your instructors will go beyond the classroom into the community by introducing you to social activities and local events in the city centre.

You will have ample opportunity to practise your English skills outside of the classroom as well as with your caring homestay family. Our Homestay Coordinator will match you with one of our homestay families based on your likes and needs to ensure you have a fantastic experience. By becoming involved in your homestay family, you will greatly increase your English ability.
